7 Students, Driver Safe After Bus Rolls Over

Seven Crawford AuSable School District kindergartners and a bus driver escaped serious injury after their bus rolled over on its side on a sharp curve on North Down River Road.

Wet roads and snowy road shoulders were named as factors in the accident which occurred Tuesday, Dec. 22, about 12:20 p.m. The seven students, all age five, were heading home to begin Christmas vacations from school.

The seven children and the bus driver, Patricia Ann Kozicki, 47, were taken to Grayling Mercy Hospital for treatment. The students were later released and Kozicki was held one day for observation.

The bus was traveling southbound on North Down

River Road about one mile from Kozy Korner when it skidded sideways on a curve and rolled over. Kozicki removed the children through the rear emergency door and radioed police. The Grayling Township Fire Dept. was called to the scene to wash down estimated 30 gallons of fuel that leaked from a ruptured tank on the bus.

Minor damage was reported to the 66-passenger bus. Approximately 20 students were passengers on the bus at the beginning of the noon route. The accident occurred about halfway through the usual bus route.

Kozicki has been a driver for Crawford AuSable schools for 12 years and had an accident-free record.

Hanson Hills Opens

Hanson Hills has opened its arms to downhill skiers, ice skaters, and cross-country skiers.

With a couple inches of snow falling over Christmas weekend, the recreational area officially opened for the 1981-82 season on Monday. Three ski hills are in operation with tow lifts, two skating rinks have been made, and all cross-country trails are marked and open.

The park will open 10-5 p.m. this week until Monday, Jan. 4. Then regular hours will be 7-10 p.m. Monday, Thursday, and Friday night; 10 a.m. to 5 p.m. and 7-10 p.m. on Saturday, and 10 a.m. to 5 p.m. on Sunday.

Rental equipment is available for downhill and cross-country skiers. The lodge also has a concession stand with warm food and a game-room.

Howard Taylor, the park manager, reports that the facilities at Hanson Hills are in their best shape in years thanks to Camp Shawano work crew. For more than two months this fall the crew repaired, painted, cleared, and did what work necessary to get the park in order for the winter season.

The cross-country ski trails at the park - rated with the best in the state - will be groomed this year and are expected to draw skiers from all over the state.

Jaws of Life Used Again

The Jaws of Life were used to free a 33-year-old woman from her vehicle following a two-car accident on M-72 West at noon, Sunday, Dec. 27.

Mary Krosen, of Pleasant Ridge, was transported to Grayling Mercy Hospital after being freed with the Jaws. She was treated and released along with a Williamston couple, passengers in other vehicle involved in the accident.

According to a Crawford County Sheriff Dept. report, Robert Kruck, 35, was traveling eastbound on M-72 near Skip's Sport Shop when he lost control of his vehicle and collided with Krosen, who was traveling west.

Art Patronages Available

Art patronages are available to support the high school play, musical, and band performance.

The Crawford County Council of Arts, which has raised \$2000 already in support of art programs, offer two choices for art patrons. For a couple or two friends, a \$25 art patronage will give you two tickets to the play, musical, and band performance. A certificate is also given to the art patron and his, her, or both names are included on a list of patrons to be published in the program at each performance.

A \$50 or more donation gives you four tickets to each performance along with the other benefits.

All donations are tax deductible and can be obtained by calling or sending checks to Rosalia Matyn, President of the Crawford County Council of Arts, 604 Michigan Ave., 348-8207.

The high school play this year will be "Catch-22" presented on February 18, 19, and 20. The musical and band performances will be in the spring.

Quiet Christmas Weekend in County

The Crawford County Sheriff's Dept. reported a quiet weekend over the Christmas holidays.

Earlier in the week, however, four public disturbances were reported, three breaking and enterings were discovered, and four civil complaints were answered.

During last week, from Monday to Sunday, a total of nine ambulance trips were made, five personal injury accidents were reported, and three larcenies were investigated.

In one breaking and entering at Stephan Bridge Road and Pere Cheney Road intersection, about \$300 in fishing supplies were reported stolen from a cabin.

Free Rides Home Offered For New Year Celebrators

The Crawford County Sheriff Dept. wants New Year's Eve party-goers to start the new year with safety on their minds.

The Sheriff Dept. is offering free rides home for anyone celebrating at bars in the county or attending a private party between 8 p.m. and 5 a.m. the night of New Year's Eve.

Call the department at 348-6341 and they'll come pick you up as soon as possible.

Grayling Twp. Eyes Building Plans

By Jon Thompson

Grayling Township officials are looking over a plan for a 40-foot by 115-foot building as a possible answer to their office space shortage. The new building floor plan calls for six offices, a meeting room, and restrooms. Currently, the township - which jumped in population from about 6,500 in 1970 to 9,700 in 1980 - uses three offices in the Grayling City Hall.

The township board is considering using a township improvement fund to build a new township hall at the Grayling Township compactor site. Township Supervisor Bernie Fowler said the

township has been saving money in the fund for years and a new building will not cost township residents any additional tax dollars.

The floor plan being looked at by the township was designed by a Traverse City firm and has a \$155,000 price tag on it. The price is higher than the township originally wanted to see due to the meeting room in the proposed building being enlarged. Another voting precinct has been added to the township with the redrawing of county commission districts so the meeting room would have to accommodate four voting precincts instead of three.

Although no design has been used yet for early plans, Fowler said the township would probably want a steel structure because it is economical and requires little maintenance.

If the township compactor site is used for a new township hall, one benefit would be increasing compactor site hours to five days a week. Township officials also hope an agreement might be worked with Little League officials to share a parking lot.

Fowler stressed, however, that no decisions have been made yet concerning a township hall and planning is in the early stages.

Mt. Clemens to Mackinaw Endurance Ride Unites Snowmobilers for Special Olympics

MT. CLEMENS—30 Macomb County snowmobile enthusiasts will embark January 6 on a 525-mile endurance ride from here to Mackinaw City to collect money for Michigan Special Olympics.

Sponsored by the Vic Wertz Distributing Company, Macomb County distributors of Miller High Life, Lite, Magnum Malt Liquor, Lowenbrau Special and Dark Special Beers, the four-

day trip is the longest known journey of this kind ever organized in Michigan to benefit a charity.

"All snowmobilers will be using their own machines," explained Mitch Cohoon, general manager of the Wertz organization. "Donations from area businesses and organizations are defraying most of the riders' personal expenses. That way Special Olympics can receive 100 per cent of the money donated."

In addition to the riders, the Knights of Columbus throughout Michigan will be obtaining donations, collectively aiming at a goal of \$10,000.

Financial and in-kind contributions have begun to come in, with replacement parts and 350 gallons of gasoline already pledged. Actual fund-raising began with a \$1,000 cash donation from the Macomb County Deputy Sheriffs, Inc., presented October 28.

Cohoon said the entire route has been planned around a number of check presentations to be made each day as the group makes its way north. Some of these will involve brief stops during the day, while others will be done at the three overnight rest points, Bay City, Grayling and Gaylord. "On one day," he said, "we'll actually go 100 miles out of our way to pick up a

ICE-COVERED AUSABLE—Cold temperatures in December — 10 below zero Fahrenheit was reported in Crawford County - helped this part of the East Branch of the AuSable near the fish hatchery freeze over earlier than usual. Crawford County is experiencing its third winter in a row in which accumulated snowfall is less than usual.

New Director Named For Social Services

Ms. Beverly J. Cuthbert has been named director of the Crawford County Dept. of Social Services.

Ms. Cuthbert replaces Mrs. Pat Thomas, who has accepted a regional position with social services in Traverse City.

The new director in Crawford County has served in one capacity or another with the department since 1964. She has been a caseworker, acting director of a county, supervisor, senior program technician and training specialist.

She received her Bachelor of Arts degree from Lake Superior State College and has attended three other state universities in pursuing training for her career.

Ms. Cuthbert, in commenting on her new position, said, "I am looking forward to my association with the Crawford County Dept. of Social Services and the people of Crawford County. In these times of limited resources and great need, it is important for our community to work together in order to realize maximum benefit from all of the human services agencies. I pledge to continue the cooperative attitude and quality service established by Ms. Thomas."

Peterson To Head Masons

Dale Peterson was installed as Worshipful Master of Grayling Lodge No. 356 F&M at an open installation ceremony held on Saturday, Dec. 19, 1981 at 7:30 p.m. at the Masonic Temple.

Vince Vatter P.G.M. served as installing officer. Other members of the installing staff included Forrest Annis P.M., Installing Marshal; Harvey Rowland P.M., Installing Chaplain; George Granger P.M., Installing Secretary; and Mrs. Forrest (Jennie) Annis P.M. as Installing Organist.

Other officers installed were Walter Angel, Senior Warden; Donald Palmer, Junior Warden; Dr. James Hough P.M., Treasurer; A. Donald Sorenson P.M., Secretary; Donald Jansen P.M., Chaplain; Bob Goodale, Senior Deacon; Harry Wolfenbarger, Junior Deacon; Russell Hubbard, Senior Steward; Peter Stephan, Steward; Hugh Bit-

ters, Marshall; Howard VanDeWater, Tiler; and Melvin (Pat) Nunn, Organist.

At the next regular meeting Jan. 7th, Stewards, Raymond Beckett and Neil Arnold will be installed.

Jr. P.M. Mark Hartman introduced his officers and family and thanked everyone for their support.

Worshipful Master Dale Peterson was presented a handmade gavel from his son, Dan and tie clasp and cuff links from Dean Molnar (which were his dad's).

Jr. P.M. Mark Hartman was presented his Past Master's apron by Vince Vatter P.G.M.

Jr. P.M.'s wife, Marilyn, and Worshipful Master's wife, Irene, were both presented a bouquet of carnations from the Secretary of the lodge.

A dinner for about 100 people was prepared and served by Dale and Irene and their families and friends.

Babson's 1982 Forecast

BABSON'S BUSINESS AND FINANCIAL FORECAST FOR 1982

By Babson's Reports Inc., Wellesley Hills, MA., December 31, 1981. Economic conditions and the status of public sentiment in the closing weeks of 1981 stand in stark contrast to those of late 1980. A year ago, overall business was still trending upward. Moreover, there was hopeful expectancy that the change in the nation's leadership would lead to an alleviation - and ultimately a resolution - of problems which had been gnawing at the core of the economy. Now, as 1981 gives way to 1982, the economy is gripped by a recession and there is a rising tide of anxiety that the Reagan prescription will produce further harsh dislocations.

DEEP PESSIMISM NOT WARRANTED

The staff of Babson's Reports feels it is premature to summarily dismiss the Reagan Administration's efforts to shore up the foundation of the economy. It must be remembered that not all of the provisions of the Economic Recovery Tax Act of 1981 are yet in effect. In addition, pessimism with respect to fundamental and long-term considerations is not justified when one gives due weight to the fact that at least some progress has already been made in slowing inflation and lowering interest rates. Yet much more improvement must be attained on both fronts before their dangers are genuinely subdued, and this is a task which undoubtedly will take a good deal of time - and dogged persistence - to accomplish. The backlash on both counts in 1980 attests to the absurdity of band-aid type solutions.

The true severity of the current recession can also be better evaluated by taking into account the postponement of business capital equipment investment as soon as it became evident that the benefits of liberalized depreciation under the tax legislation would not commence until January 1, 1982. During the hiatus, this important element of industrial activity has been kept on a subpar basis. Hence, it is only reasonable to assume that we shall have some catch-up buying as 1982 progresses. Of course, the high level of interest rates also served to stifle business equipment demand, but these promise to be a less inhibiting factor in the year ahead. Indeed, interest rates have already worked down to levels that are appreciably less prohibitive to borrowers.

1982 - FROM RECESSION TO EXPANSION

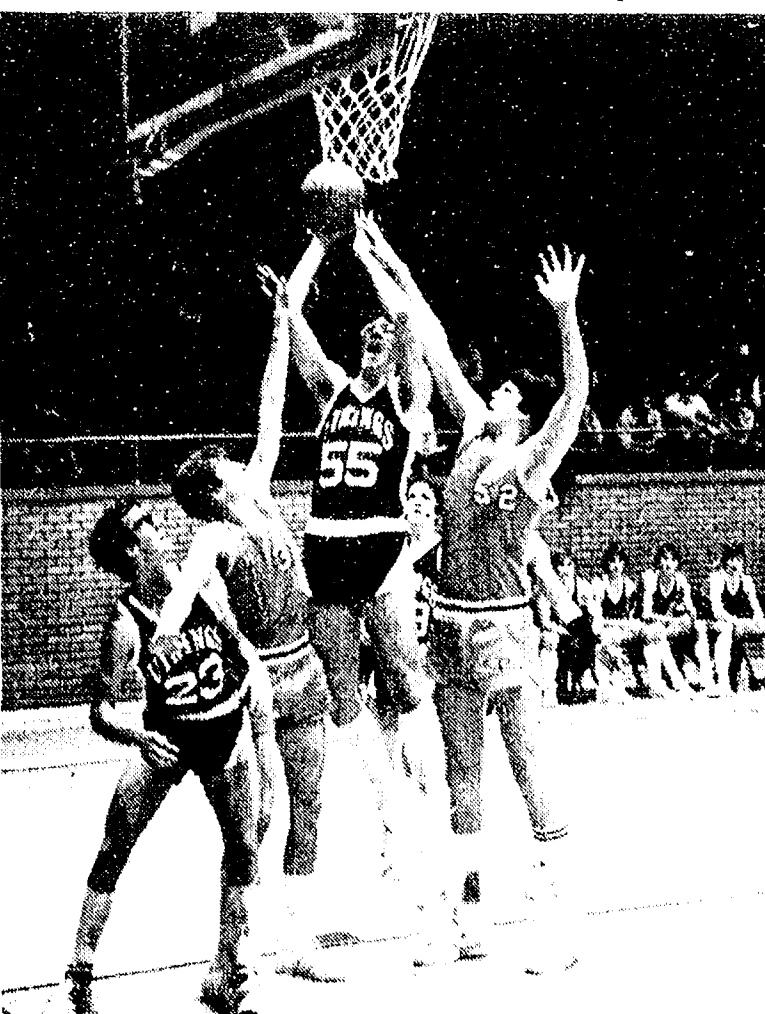

Judging from the behavior of various key economic indicators, the last quarter of 1981 will prove to be the low point for the year's business performance. After an unexpectedly vigorous advance in the first three months, the economy softened a bit during the ensuing two quarters and then slumped sharply to close out the year immersed in a genuine recession. Thus, we have slipped into recession twice in consecutive years. Yet, unlike 1980's credit-restraint-fostered economic drop, which began and ended within that year, the recession of 1981 will likely carry over into early 1982. Even so, due to the severity of the nosedive during the past three months and given the decline in interest rates, there may be only a downward shading of

FROM US TO YOU—A quilt with individual squares designed by more than a hundred girl scouts was presented by Mrs. Goodale to Mrs. Helen Martin, a member of the original girl scout troop formed in Georgia.

IN THE BEGINNING—These pictures, taken in November, show the brownie and junior troops making squares for the quilt presented to Mrs. Martin.

Vikings

(Continued From Page 1)

"Our 20 turnovers killed us," head coach Butch Hayes said. "We didn't play with much intensity and we looked intimidated."

He said Grayling's team practices would become more competition in an effort to find out which players are winners. Hayes said a couple of non-conference games ahead on the schedule may help the Vikings get untracked because the pressure will be less than in league games.

Ted Methner led Grayling scorers in the Charlevoix game with 14 points. Monte D'Amour had 12, Jim

Schrader 8, Jamie Radebaugh 8, Wayne Ross, 6, Brad Trenary 4, and Ryan Morford 2.

Trenary, who scored 34 points in the previous home game, fouled out of the game with 7 minutes to go in the fourth quarter.

In junior varsity action against Charlevoix, Grayling was outscored 18-12 in the fourth quarter to lose a close game 51-49. The loss dropped Grayling's league record to 3-2.

Scoring against the Charlevoix team for Grayling were Barcie Cross with 19 points, Jim Stewart 10, Mick Lovely 8, Jon Nicholas 6, Mike Hickey 4, and Jeff Branch 2.

In J.V. action the previous week against Cheboygan and Gaylord, Grayling lost another close one to the Blue Devils 50-47 but easily defeated Cheboygan 79-62.

Against Gaylord, Barcie Cross again led scorers with 15 points. Jon Nicholas had 12, Mick Lovely 10, Jim Stewart 8, and Mike Hickey 2.

Against Cheboygan, Hickey led scorers with 21 points. Stewart was right behind with 20 points. Cross had 15, Nicholas 7, Lovely 7, Branch 4, Ken Lademan 2, Don Lange 2, and Gregg Burns 1.

Guest Speaker at Frederic Church

On Sunday, Jan. 10, 1982, Dr. Gale Hetrick will be the guest speaker at the Frederic Church of God. Dr. Hetrick is the executive secretary of the Church of God in Michigan and will be representing the Michigan Assembly in the rededication of the building and ministry of the Frederic church.

Over the past months the congregation has been working to remodel and update the facility as well as the programming of the church.

Visitors are welcome and we extend our invitation to all who wish to share with us as we prepare for new directions in a new year. The rededication service will be at 11:00 a.m. The new hours for the regular services are:

Sunday School - 10:00 a.m.
Worship - 11:00 a.m.
Wed. Prayer & Bible Study 7:30 p.m.

A pot luck dinner follows the service on the first Sunday of each month. The church is located on West 612 just past the Frederic Township Fire Dept.

For more information please contact Pastor Craig Hexham, 348-8342.

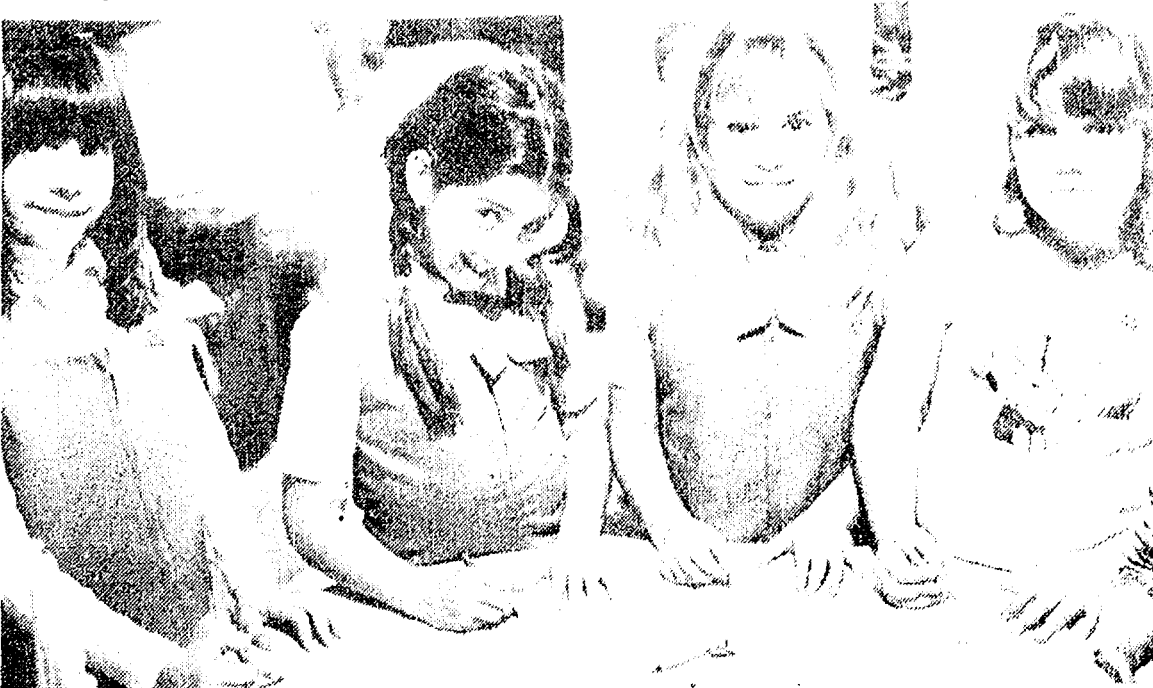

Girl Scout Christmas Party

The Girl Scouts of Grayling held their annual Christmas Party on Thursday, Dec. 17, after school at the Michelson Methodist Church.

The party included caroling through downtown Grayling, presenting a mitten tree to the Crawford County Community Services, sponsored by Business and Professional Woman Association, and playing games.

The girl scouts also presented a quilt made by brownie and junior troops to Mrs. Helen Martin, a member of the original Girl Scout troop formed in Georgia.

Brownie troops participating were numbers 2016, 2103, 2143, 2014, and 2009. Junior troops joining in the fun were numbers 2010, 2163, 2127, and 2134.

Hospital News

From Our
Corner ...

Leo E. Lovely, Mr. Crawford County Clerk for 35 years has decided the time has come for him to step into retirement...we're going to miss the Frenchman tremendously...he is the only county clerk we have worked with, and no one could be more congenial...

We came to Grayling a year before he took over the reins as county clerk, and through working at the Avalanche for the Robert Strongs' we had many connections through commercial printing for the county, and especially printing the ballots which in those days were nightmares...it seemed that every election the state would change the format just enough to turn the Frenchman grey and give us ulcers...

Times have changed in the election field with all the computers and such that we haven't been that much in contact with Leo except for him letting us use his office on election night to get our story out for the next day's issue...and other questions we may have...

We knew Leo before we went into service through basketball, he was about four years ahead of us but we locked horns during the popular Independent teams back in that era, and being from Gaylord the games were always interesting...while playing we only knew the Frenchman by number...but, in the years to come that number grew to magnitude in our opinion of Mr. County Clerk...

There is nothing better than what Crawford County Board of Commission did during their last session than to pronounce December 27th as Leo E. Lovely Day...that will put in the archives of Crawford County for which he has dedicated his work for 35 years...

To you, Frenchy...many happy years in retirement from Our Corner...drop in any time if you get bored...we can always go over old times...

Yes, dear readers with concern...we spent Christmas with our T.C. family and will state that St. Nick left their home with a much lighter bag...T.J., and Stef had their plenty...but we had to wonder, with all the work that went into the preparation, how could it become the likes of a disaster area within an hour...we talked to our Nevada family Christmas, and found out that Amber received her plenty dad...and that everything is okay with her mom and dad...now our boss knows all about how our kids' Christmas went...

From the Las Vegas Sun...You know you're in trouble when...the beautiful asks if you want a rough estimate...

An excerpt from NortherNotes by Representative Ralph Ostling...

CAPITOL DAMAGED—The Capitol Building's glass floor, the brass railing circling the rotunda, second and third floor balconies overlooking the rotunda, woodwork throughout the Capitol and the portrait of former Governor Kim Sigler all sustained damage after an estimated 8,000 workers' compensation reform protesters left a rally co-sponsored by the UAW and the AFL-CIO. It will cost \$5,000 alone to repair the painting that was ripped, but the brass railing cannot be repaired, nor can the famous glass-tiled floor.

...and we are supposedly living in a civilized country, it makes you wonder...

Time has ran out for this week's turkey...these short holiday weeks' are buggers for the ol' fella...just can't keep track of the days...goodnight T.J., Stef and Amber, and to all our readers, may the New Year bring only happiness into your lives...this wish to you from our corner...

CHAIN LETTERS
CAN DECEIVE

While Kevin was listed in very critical condition in the hospital, a well-meaning person sent me a chain letter promising "good luck" if I would just follow the instructions to keep the chain going. My first reaction would have been to just ignore the letter, but then I remembered reading the letter before as a young lady anxiously sought my counsel. The message of the letter was very threatening to her, and she was fearful about ignoring it. I then realized that the community might appreciate exposure of such a threat, therefore we shall reproduce the letter:

("Trust in the Lord with all good faith and he will acknowledge and he will light the way." This prayer has been sent to you for good luck. The original copy is from the Netherlands. It has been around the world 9 times. The luck has now been brought to you. You will receive good luck within 4 days of receiving this letter, provided you in turn send it back out. This is no joke. You will receive it in the mail. Send copies of this letter to people you think need good luck. Do not send money, for fate has no price on it. Do not keep this letter as it must leave your hands within 90 hours after you receive it. A PAP officer received \$70,000.00. Joe Elliot received \$450,000.00 and lost it because he broke the chain while in the Philippines. General Welch lost his wife six days after he received this letter. He failed to circulate the prayer. However, before his death he received \$775.00. Please send 20 copies and see what happens to you on the 4th day. This chain comes from Venezuela and was written by Saul Anthony DeGroit, a missionary from South America, I myself forward to you. Since the chain must take a tour of the World, you must make 20 copies identical to this one. Send it to your friends, parents, or associates. After a few days you will get a surprise. This is true even if you are superstitious. Take note of the following: Constanera Dias received the Chain in 1953. He asked his secretary

to make 20 copies and send them. A few days later, he won a lottery for \$2,000.00 in his country. Darlo Didto, an office employee, received the chain, he forgot it and a few days later lost his job. He found the chain letter and sent it to 20 people. Five days later he got an even better job. Ealen Fairchild received the chain and not believing in it, threw it away. Nine days later he died. For no reason whatsoever should this chain be broken. REMEMBER, send no money. PLEASE DO NOT IGNORE THIS — IT WORKS.)

My friend, this kind of superstition should not bother a Christian. There is no "good luck" when a sovereign God is in control of the Universe. I trust you will read and believe your Bible, and be not deceived by such concepts of "good luck". Trust Christ instead of chance for a Happy New Year!! (adv.)

Kurt Larson Ski Coach at Houghton

The Houghton-Portage Township School Board has named Kurt Larson as coach of the Houghton High School varsity skiing program for the 1981-82 season. Larson, 22, is in his fifth year of studies at Michigan Technological University in Houghton, completing degree work in mining and civil engineering. He is the son of Mr. and Mrs. Robert Larson of Grayling.

Larson's skiing background included three years of varsity competition on Tech's Alpine ski team, and All-MidAmerican Second Term honors his junior year. Prior to his fourth year, budget cutbacks at MTU forced skiing to be suspended as a sport. Members of the defunct program formed a team on their own, left NCAA affiliation, and raced in the National Collegiate Ski Association (NCSA). The squad won the 1981 NCSA National Championship last March in Marquette, Mich., with Larson as captain of the Alpine team.

He is a 1977 graduate of Houghton High School, and attended Grayling schools for 11 years. Larson's skiing coach at Grayling was Michael Wieland, and his coach at Houghton was Richard Schalter, a former Gaylord area racer. Fred Lonsdorf of Houghton was his mentor while on the Tech team.

Houghton High has shown a strong skiing program in recent years, as evidenced by four regional and two state runner-up titles and 12 graduates going on to race on the collegiate level since 1976.

While at Michigan Tech, Larson has been involved in a variety of activities, including President of the MTU Student Chapter of the American Institute of Mining Engineering (AIME); Vice-President of the MTU Mining Engineering Club; member of Blue Key National Honor Fraternity; staff writer and photographer for the Michigan Tech LODGE (newspaper) and KEWEENAWAN (yearbook); and plays intramural hockey and soccer. He participated in Tech's Cooperative Education Program by working as a mining engineer for Texasgulf Inc. in Granger, Wyoming, during 1979.

Family New Year's Resolution

Gail Edwards, Ext. Home Ec.

Start the New Year right by getting your family papers in order.

Why do you need a good record-keeping system? Being able to locate an important paper when you want it eliminates a lot of frustration, says Irene Hathaway, Michigan State University Extension specialist in family resources. There are some other important reasons:

-To provide information and verification of income, support and deductible expenses for income taxes.

-To insure bills are paid and that bills received are accurate.

-To keep track of the value of assets and the amount and nature of insurance coverage.

-To avoid problems in case of a crisis, such as death or loss due to theft or fire.

-To make possible the construction of a new worth statement.

Both husband and wife need to know where all the records are kept. The easiest way to get started is to order Extension Bulletin 451, "Record of Important Family Papers."

Some of the items you should have recorded include:

-Names and addresses of

family advisers, such as the lawyer, banker and insurance agents.

-Locations of important information and records, such as wills, birth records, Social Security records, deeds to property and credit card numbers.

-Life insurance records, including company name, type of policy, premium and settlement option.

-Health, accident and hospitalization insurance records.

-Real estate and personal property insurance records.

-Banking records.

-Investment records.

-Outstanding debts.

Where do you need to keep records? Most can be kept at home, but you need to consider keeping some documents in a safe deposit box. These would include birth and death certificates, marriage license, adoption papers, divorce or separation decrees, citizenship papers, and military service records. Mortgage documents, deeds and title papers, appraisals of property and titles might also be best kept in a safe deposit box. Any other documents that you couldn't replace or that would be costly or troublesome to replace should go into the box. One exception, says Hathaway, is your wills. Leave them with your lawyer.

Senior Citizen Satellite dinner for Frederic and Maple Forest Jan. 8th. New bulletin out next week.

Happy Birthday to Senior Citizen Edwin Martindale Sr. Jan. 1 and Bill Vollmer Jan. 2.

Frederic Fire Dept. reports 3 ambulance calls and no fires. And big thank you to dept. for the fruit cake that was delivered to our seniors. Also a big thank you to the ladies of the Hobby Club for their gifts and plates of goodies.

It was so good to see so many up to their cabins and to their families over the holiday and to some that were out cross country skiing and enough snow for snowmobile riding.

Christmas Eve Jim and Brenda Hulbert and two daughters spent with her grandparents, Mr. and Mrs. Maurice Alma Sr. and her many aunts and uncles, cousins. Also her parents, Mr. and Mrs. Gayle Bradstreet and family.

To their mother for the holiday were Sheila and son Shane, Jim Hanson of Filion, Jim and Brenda Hulbert and two daughters of Lake Odessa. Also Brian Hulbert and son Eric of Holland.

Judy and Travis spent Christmas Day with her sister and family and other members of the family and parents, Pastor and Mrs. Robert Taylor in Hamilton, we missed you Judy. Christmas dinner was spent at daughter Pat Sloan and family, also sister Tom and Ann Denno and 6 children also Grandparent Mr. and Mrs. Walter Desnoyers and friends Ron and Carol Pearce of Grayling. We had a lovely time, Jim had a Bible Christmas Quiz for us which was well enjoyed and then to opening of gifts. To which after we all came back to Frederic to the grandparents for opening of gifts and to see his trains which he sets up every year, but different arrangement. Hopefully we hope to have a permanent place to set the village and train so others can come to see it.

Many of our people from Timberview enjoyed Christmas day with their family and loved ones. They came home with a happy feeling, and sharing their good time with us, and others.

Happy New Year to each and everyone.

Recommendations Made By Prison Riot Committee

Warren M. Hoyt, Executive Director, MPA

A joint legislative committee has issued a list of 76 recommendations for improving Michigan's prison system, including a plea to adequately fund the system to improve safety.

The committee was charged with investigating three riots in the system last spring and make recommendations to improve the system.

Representative Jeffrey Padden (D-Wyandotte), chairman of the special committee, said the recommendations do not fundamentally disagree with those issued last August by the citizens' task force appointed by the governor.

But the legislative committee, he said, had the luxury of more time to completely review the current corrections system and reflect on what changes are needed to prevent future riots.

Corrections Director Perry Johnson said he appreciated the fairness of how the issues were treated by the legislative committee.

"We acknowledge many of the problems and concur with many of the recommendations," he said.

Like the report issued last August, the legislative committee pin-pointed situations such as overcrowding, lack of good time, racism on the part of prison employees and inadequate training as contributing to the tensions.

These broke into riots at the Southern Michigan Prison at Jackson, the Michigan Reformatory at Ionia and the Branch Prison at Marquette on May 22 and 26.

The legislative report put particular emphasis on the department's personnel policies, especially the inability to adequately pre-screen applicants to excuse potentially unsuitable workers, the lack of employee evaluations and inadequate training, as a leading cause of the

riots. Padden said those personnel problems have crept up into middle management who occasionally would not implement department policies.

The committee also called for corrections financing to receive a "higher priority" in the appropriations process, said the department should base its budget requests on "need and not solely on the state's budgetary limitations or political considerations."

The legislature should also review the department's original budget request, not simply the recommendations issued by the governor's office.

Padden said he might personally favor cutting other programs if necessary to increase corrections funding to an acceptable level.

Other recommendations made by the special committee include greater affirmative action in the hiring of prison staff, the breaking down of Jackson prison into smaller autonomous prisons, implementation, by the Legislature, of recommendations made by the 1980 prison overcrowding task force and the enactment of a modified form of good time allowing time off a prisoner's sentence for good behavior.

Michigan voters eliminated good time with the passage of a ballot proposal in 1978.

Director Johnson said the plans are already underway to improve employee training and defended department employee policies and practices.

He also agreed with the proposal to divide Jackson into four facilities, saying it could go a long way towards restricting violence.

Johnson said a more detailed response to the proposals would be made in early 1982.

Editor's Mailbox

Leesburg, Fla.

Dec. 1, 1981

To Whitey and Elmer Fenton:

A most interesting article about the South Side of Grayling that Elmer wrote.

May I add a few more facts about the South Side. Where the Sears store and assorted businesses down to State Street that crosses the AuSable River and had an old wooden bridge we use to call the Red Bridge and the AuSable River from the highway bridge thru town were many boathouses all the way down past the old Red Bridge, just past Stanley Madsen's cabins and home.

The Cook greenhouse grounds in the winter were flooded and that use to be the official skating rink for Grayling. Many happy skating days were had thru the winter months, for both adults and kids.

Then across the road - there was the Fisher Hill for the downhill sleds and further east Baker's Hill. The Finns had a beautiful ski slide with big jumps, some in series.

Now back to shopping center with Promart and etc. There used to be a sidewalk all the way to State Street. I used to have fun roller skating on that sidewalk. The reason for the sidewalk was that the area used to be all homes, a really important residential section. But a severe fire destroyed all the homes. Eventually it became the slab pile area for the sawmills, and Jorgenson was the foreman over that area, and was called slab-piler Jorgenson, not in disrespect, but in those days they were referred to according to the kind of job they had.

Now back down State Street going north again just south of the bridge where Stephan's (Carlisle's) canoe livery is located. In 1905 my father, Hans R. Nelson, moved back to Grayling, where he was raised, from

Wisconsin, where he learned the creamery business, he built at that time a modern creamery for the time period. He got the cream from farmers in Beaver Creek and Maple Forest. That lasted until about 1913, when the farming slowed down and the market got bad and he had to ship his butter to New York, he turned the creamery into a house. About 1916 he built a garage-tire store and vulcanizing shop with a gasoline pump. He sold this property about 1919 and built the first modern gas station and vulcanizing shop and sold Chevrolet parts. Then about 1924 he sold this to Alfred Hanson.

A little reminiscing about the southside in winter on thaw days. It was snowball time for the southsiders and the northsiders. Lord help a poor southsider caught alone, he was sure in trouble and the same thing for the northsiders.

In the spring the streets were flooded and then froze over. In the winter the streets were rolled by a large roller pulled by a team, and the sidewalks were plowed by a horse pulling a plow. The kids used to play shiny on the icy streets with sticks made out of tag alder and a small milk can for a puck. Watch it if you got on the wrong side or wham across the shin's by a shiny on your side.

Brink used to own the South Side Store, he sold it to Jumbo Pete Johnson and finally Adkinson. Brink moved to the store behind Olson's, and then sold it to Trudeau.

I hope you are interested in this, I am a pioneer of sorts, I came to Grayling in 1905 at the age of 2½.

Happy History,
Earl Nelson

P.S. One of my largest thrills was when I was a boy I was able to go out to a lumber camp and eat with the lumberjacks. Oh what food and so much of it. Otto McIntyre was the cook and Jappe Smith was the camp boss at the camps I visited.

Cong. Davis' Aide Here Jan. 5

Congressman Bob Davis' District Representative Mr. Charles P. Goddard will be in Crawford County on Tuesday, January 5, his schedule is as follows.

Grayling: 9:30-11:00 am office hours at the County Courthouse.

Lovells: 2:00-3:00 p.m. at the Township Hall.

Frederic: 3:30-4:30 p.m. at the Township Hall.

Airman Edward L.C. Palmer, son of Mr. and Mrs. Junior E. Palmer of 907 Ogden St., Grayling, has been assigned to Sheppard Air Force Base, Texas, after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

The airman will now receive specialized instruction in the aircraft maintenance field.

Palmer is a 1981 graduate of Grayling High School.

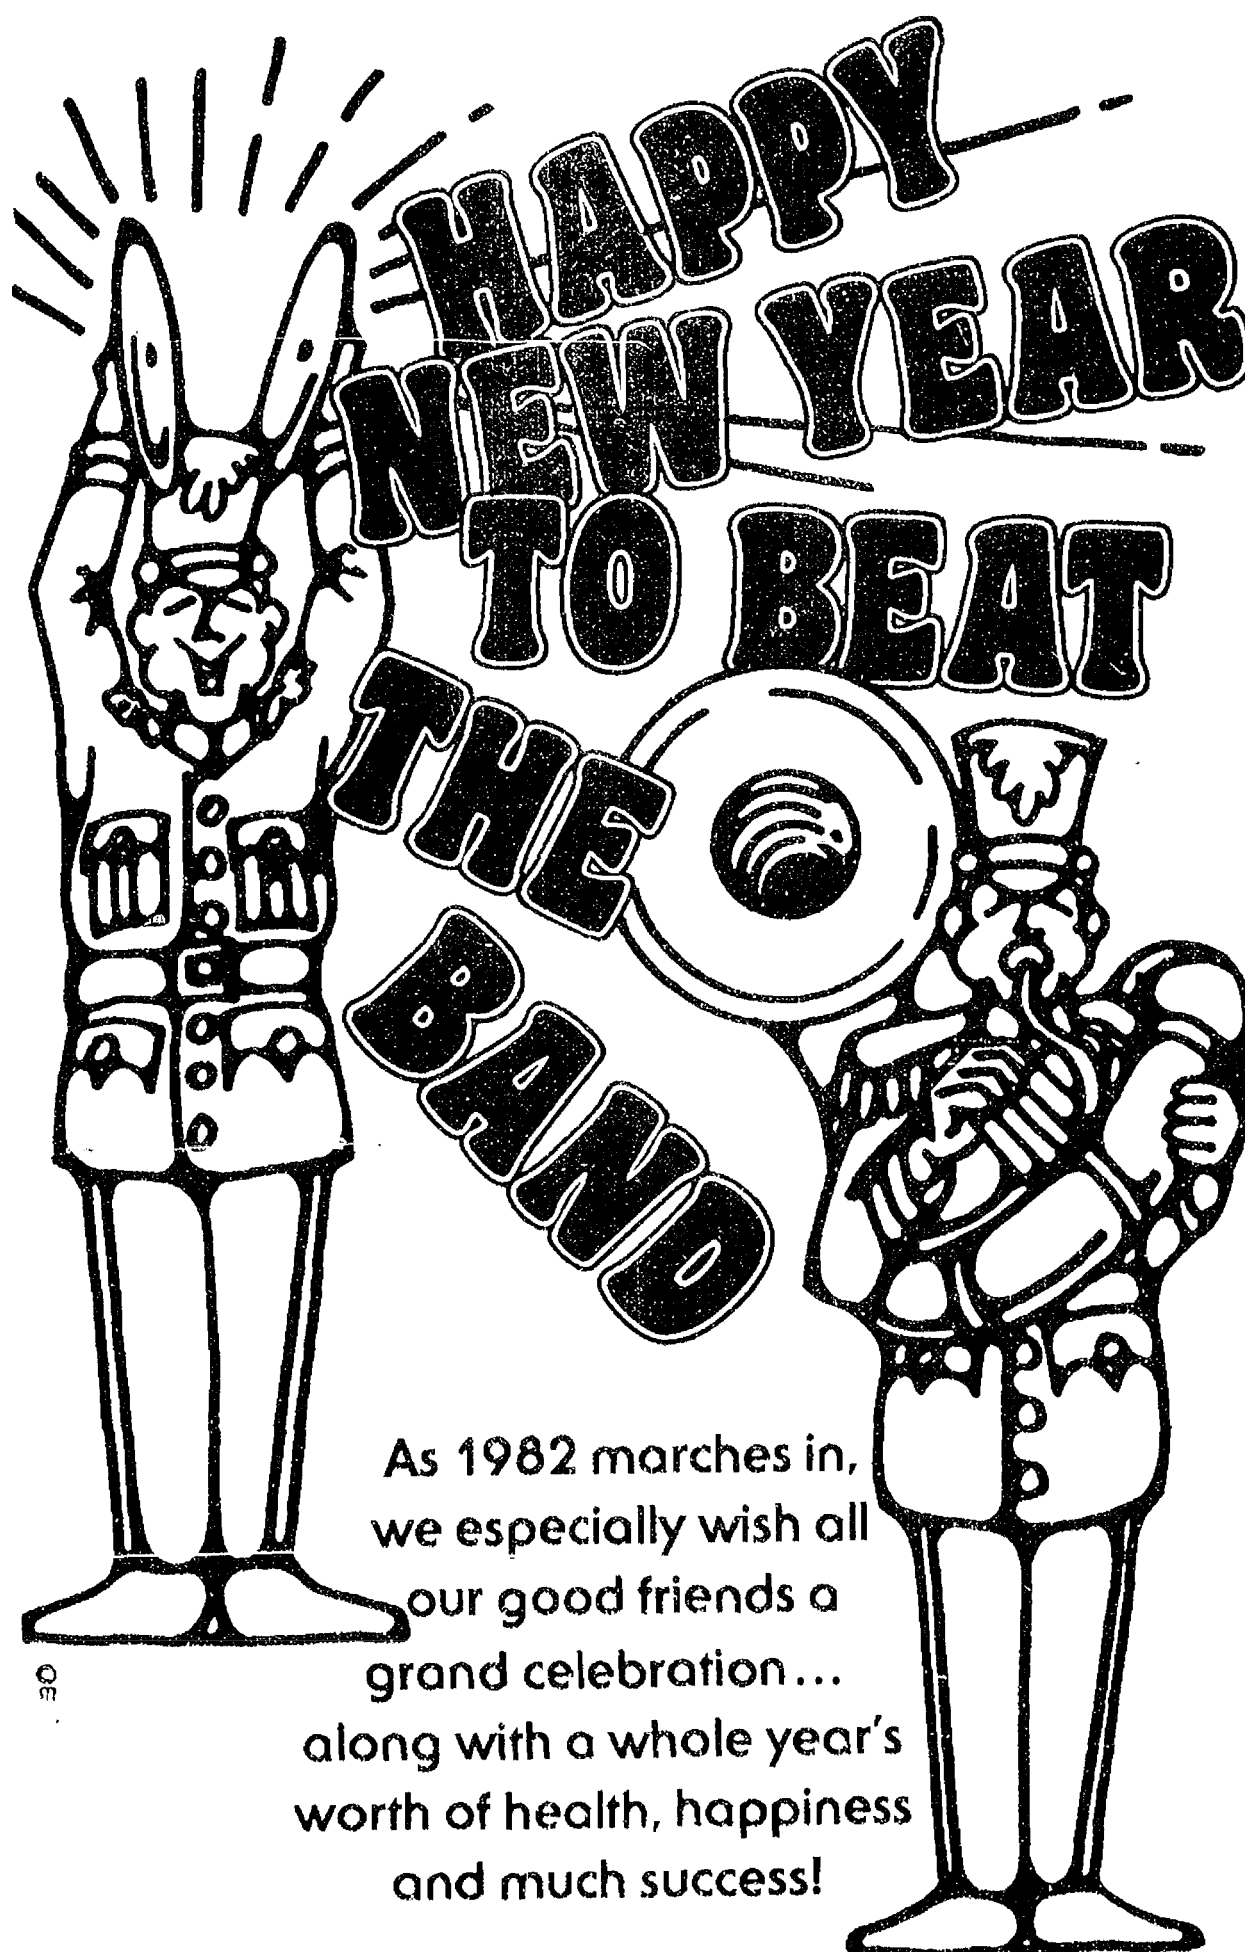

Completes Marine Corps Training

Marine Pfc. Christopher C. Conklin, son of Kenneth H. Conklin and stepson of Carol M. Conklin both of Grayling, has been meritoriously promoted to his present rank upon graduation from recruit training at the Marine Corps Recruit Depot, San Diego, Calif.

He received the early promotion for his superior performance during all phases of the 11-week training cycle, which emphasized physical conditioning, self-discipline and teamwork.

A 1981 graduate of Grayling High School, he joined the Marine Corps in August 1981.

As 1982 marches in,
we especially wish all
our good friends a
grand celebration...
along with a whole year's
worth of health, happiness
and much success!

Wrestlers Take First Again

By Jon Thompson

Grayling wrestlers continued their winning streak with a first place finish in the St. Ignace Invitational Tournament Dec. 19.

Jeff Knight kept his unbeaten record intact with a first place in the 167-pound division. Knight is now 13-0 while Tim Ferrigan suffered his first loss of the year by a default. Ferrigan, 12-1, picked his opponent up off the mat and failed to bring him down according to rules.

Steve Sauve ran his record to 12-1 with a first place record and Tim Jensen and John Solomonson upped their records to 11-1 with first place wins.

Heavyweight Tom Sorenson took second place although he was competing in his first tournament. Ferrigan came back to take a third after his default and Dave Pettit, Dan Meldrum, and Jim Piper also took thirds. Tim Moore captured a fourth.

Grayling sports a 4-0 dual match record and has won two tournaments and placed second at another.

They return to competition January 2 against several teams in a Freeland Invitational Tournament.

Receives Promotion

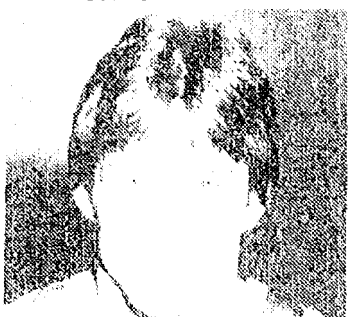

Cadet Jason M. McEvers, son of Mr. and Mrs. Derek McEvers of Grayling, has been promoted to Cadet Corporal in Junior ROTC at Howe Military School, Howe, In, which was recently announced by Howe's Superintendent, Brigadier General Eugene D. Scott, USAF (Retired).

McEvers holds this rank effective 10 December 1981 by direction of Howe's Senior Army Instructor, LTC William L. Ellis.

Cadet McEvers, a second year student at Howe Military School is in the seventh grade.

Pat and Mary Thompson, Bridget and Casey of Saginaw were Christmas visitors at the Sandy Thompsons and also visited her family, the Don Bohemoyers.

Grant and Carol Thompson and children, Jamie and Martel of Howell, brought her mother, Mrs. Elma Combs back to Grayling during the holidays and visited his parents, Mr. and Mrs. Jim Thompson.

Guests during the Christmas week at the home of Mrs. Jean Gothro were Bob and Mary Ann Clayton and Joshua, of Northville, the Ted Carlsons of Canton, Ohio, and Christmas dinner guests were the Aubrey Welches of Grayling.

Mrs. Thomas Jurkovich returned to Pendleton, S. Carolina, with Tom and Belle Jurkovich after Thanksgiving. She spent two weeks with them and flew back to Detroit where she visited her son, Gary Jurkovich and family for several days. Gary brought her back to Grayling.

Mrs. Richard (Janice) Kammer has been spending some time in Leslie due to the death of her father, Edgar Mentick, who passed away on December 16. Services were held on December 19. He is survived by his wife, who came to Grayling last weekend for a belated Christmas at the home of her daughter and family, the Richard Kammer.

Brian and Carleen Dane and three children of Grand Rapids spent the weekend before Christmas with her mother, Mrs. Ernestine Church. Arriving for Christmas were the rest of the family, Tom and Anne Marie Hendrickson of Ridgewood, New Jersey, Steven Church from Canoga Park, Cal. and Gary Church from Port Huron.

Mrs. Beverly Lowrie spent the holidays with her family, Frank and Karen Cook and children of Lansing and Gerri Lowrie, Lansing. Mrs. Ernestine Church, accompanied by her mother, Mrs. Beulah Stephan, and son, Steve Church, took the Hendricksons to Tri City on Saturday and then continued on to Lansing to join the Lowrie family. They returned to Grayling on Sunday.

Thank You

We cannot begin to list all of the names, but to all of you a big "THANK YOU". Our opening on the eighteenth would have been impossible without you.

Those familiar with rivers such as the AuSable know that brook trout spawn in the fall. The eggs are buried in the gravel where they are protected from predators.

All through the cold winter months, they remain there to eventually hatch into fry in the spring. Many fish spawn in the spring. For example, the yellow perch hangs its ribbon-like eggs over vegetation growing in shallow water. The northern pike also spawns in early spring,

preferring weedy areas in shallow water or flooded marshes. The adhesive eggs scattered over the vegetation and bottom are deserted by the parents. Bass scoop out a shallow bowl in the sandy bottom where the eggs are laid and guarded until the fry are a couple of weeks old. The bass prefers solitude with its nest; on the other hand, the bluegills gather in colonies. They also scoop out a shallow basin in the bottom where the eggs are laid and guarded from predators. When stream temperatures reach about 40 degrees, the smelt move out of the Great Lakes to spawn. The eggs are released into the current and since they are sticky, they adhere to the downstream side of rocks or anything hard. Minnows feed on the waste eggs. Bullheads favor an old muskrat burrow, or an area among tree roots to lay their eggs. The young are guarded until they are about two inches long, being herded into a tight ball-like school. Walleyes deposit their eggs over rocks or gravel on windswept lake shores or in streams. Since they abandon the eggs after they are laid, they lay many. In fact, they may lay 25,000 or more eggs per pound of fish.

What brought all this to mind was the activity of several trout in the East Branch this fall. There is so much going on in the natural world about us that it is easy to realize why each living thing has its time and place in the scheme of things.

Grayling Elementary School News

Mrs. Ingvarsson's first grade class wrote a story about a bear and his name was Fozzie. Christa Northrop, Yolanda Rosi, Kim Ockerman, Cindy Fedewa, Jimmy Jorgenson and Dan Jurkovich wrote the story. Mrs. Rosi helped the children with their story. Fozzie worked in Detroit at a circus. The children made paper teddy bears to look like Fozzie. The story was very cute. Written by Janice LaDuke and Yvette Badawi, fifth grade.

Mr. Hawkins' fifth grade class are doing story problems in math. They are also doing critical thinking skills and deductive reasoning. Written by Sheryl Klinger, fifth grade.

Miss Johnson's third grade class are making Christmas wreaths for their parents. They are making them out of pine cones and bird seed.

Also in Mrs. Fleming's third grade class they have a substitute today because Mrs. Fleming has the flu. In math they are having a test. They are also taking the California Achievement Test. Written by Janice Helzel and Debbie Jones, fifth grade.

Mrs. Larson's first grade classroom are making stockings out of paper. They put paper clowns, dogs, dolls, and horses in the stockings. After they were done with the stockings, they colored them. They made Christmas trees, too. When they were done with them they colored ornaments and other things on the tree. The trees are called a countdown tree. In reading they are going into a new level. It is called A Duck is a Duck, level 3. Written by Lori Gust, fifth grade.

Mr. Hatfield's fourth grade class made Christmas wreaths to hang in their class. They made them out of green and red construction paper. They also made chains out of red and green construction paper. They play Multo once every week. Multo is a game where everybody gets a card. The card has nine numbers on it. Someone calls off a multiplication combination and if you have that answer you cover it with a chip. When you get a row of numbers you yell "Multo!" Whoever yells Multo first, gets a handful of raisins. Written by Janice Helzel and Debbie Jones, fifth grade.

Completes Naval Training

Navy Seaman Recruit Frank M. Burrows, son of Donald N. Burrows of 2117 W. Higgins Lake Drive, Roscommon, has completed recruit training at the Naval Training Center, Great Lakes, Ill.

During the eight-week training cycle, trainees studied general military subjects designed to prepare them for further academic and on-the-job training in one of the Navy's 85 basic occupational fields.

Included in their studies were seamanship, close order drill, Naval history and first aid. Personnel who complete this course of instruction are eligible for three hours of college credit in Physical Education and Hygiene.

He joined the Navy in August 1981.

Completes A.F. Training

Airman Diana L. Savallisch, daughter of William E. Savallisch of Apache Junction, Ariz., and granddaughter of Charlene J. Savallisch of Grayling, has been assigned to Shepard Air Force Base, Texas, after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the aircraft maintenance field.

Savallisch is a 1980 graduate of Grayling High School.

Assigned To Chanute AFB

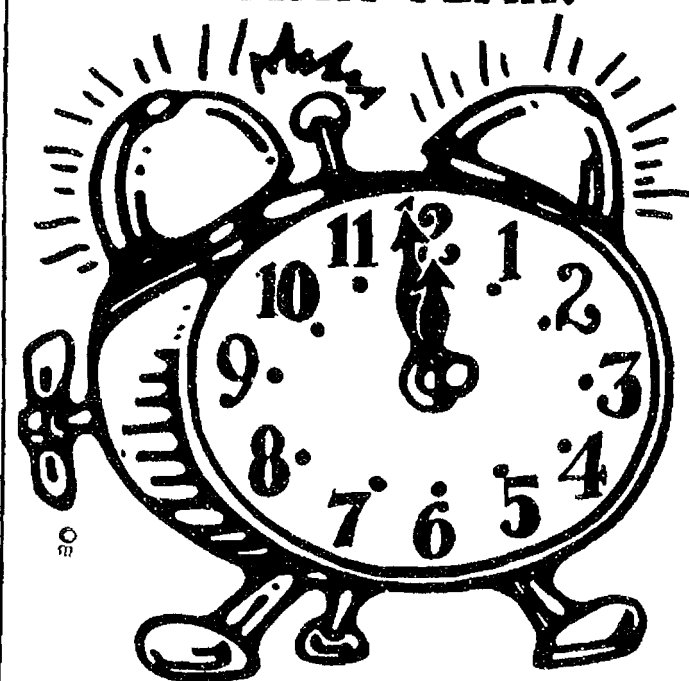

Airman David G. Petrie, son of Duane G. Petrie of 508 Peninsular, Grayling, has been assigned to Chanute Air Force Base, Ill., after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

Petrie's wife, Kay, is the daughter of Mr. and Mrs. Joe Ely, also of Grayling.

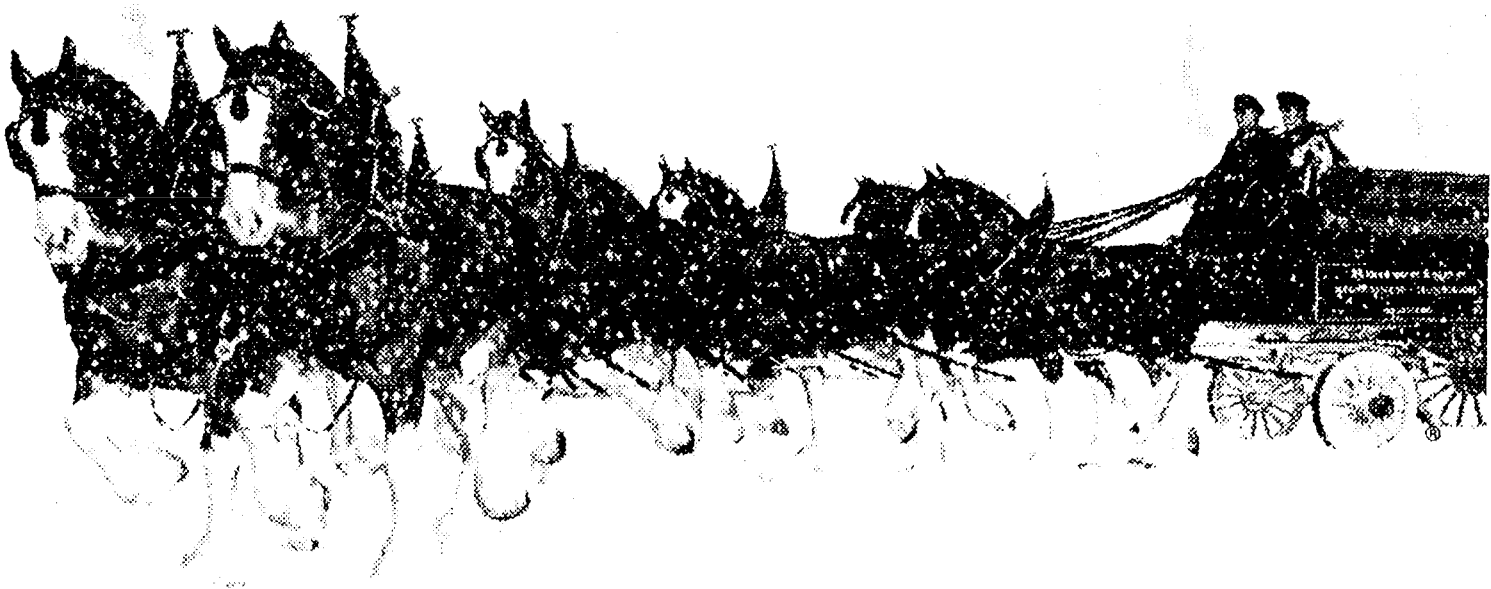

He is a 1981 graduate of Grayling High School.

La Leche League Meeting Notice

If you have considered breastfeeding your baby, but have questions about this womanly art, contact the Roscommon La Leche League. This month's meeting, "The Art of Breastfeeding and Overcoming Difficulties," will be held on Thursday, January 7 at 7:30 p.m. at 6571 Barbara Drive, Wildwood Park, Higgins Lake. The discussion for the evening will include encouragement and information on how to establish a happy nursing relationship.

La Leche League believes breastfeeding gives the best possible start in good mothering and helps to develop and deepen the close relationship between a mother and her child.

A series of meetings are held in members' homes, to acquaint those interested with the physical, practical, and psychological sides of breastfeeding. Expectant mothers are encouraged to attend the series before the baby arrives. Nursing babies are always welcome. For further information, or for breastfeeding help, call Carolyn Crist at 275-8431.

Happy New Year

Bits O'Talk

By Fay Bovee

David and Kay Hoag and daughter, Laura, of Seattle, Wash. arrived in Michigan December 21 and visited his mother, Mrs. Gladys Gardner, in Port Huron. They arrived at her parents, the Don Jansens, on the 23rd and remained until Monday of this week. The Jansens had the Jansen family Christmas on Saturday, December 26, with family members coming from Troy, Mt. Clemens, Roscommon, and Harrisville.

Visitors at the Jack Trudgeon home for the holidays were his mother, Mrs. Betty Trudgeon of Sault St. Marie, and their children, Janice Gates and son, Paul, of Detroit, Mike and Leesa Hodge of Detroit and Toni Trudgeon of CMU.

The Knibbs family were all here for the Christmas holiday, Holly Knibbs from Washington, D.C., Dr. Linda Knibbs, of Springfield, Ill., Michael and Nancy Elliott and son, Michael Ryan of Ann Arbor, and Jim and Cindy Knibbs, of Petoskey. Jim and Cindy also visited her parents, the Robert Chappells.

Lee and Mary Langolf of Mt. Pleasant were Christmas guests of her family, the Vernon Gardiners. Other guests were son, Tom Gardiner, who is on vacation from Kendall School of Design, Grand Rapids, and Vern's sisters, Margaret and Leona Gardiner of Lansing.

Bill and Linda Tinker and children, Susie and Dawn of Walled Lake were here for the holidays with her mother, Mrs. Peg Broeker.

Janet LaGrow of East Lansing spent the Christmas week with her mother, Mrs. Wilma LaGrow.

Witkowski Named C.U. Manager

Arthur B. Cronin, President of North Central Governmental Credit Union announced the appointment of Daniel L. Witkowski as General Manager of the credit union.

Dan has been manager of Abitibi Employees Credit Union in Alpena for the last eight years. He graduated from Ferris State College in 1972 with a Bachelor of Science degree in Business Administration. He and his wife, Cindy, have two small children, Marcie and Matthew. They will be moving to the Roscommon area.

The credit union, organized 25 years ago, serves state employees in sixteen counties from Gladwin-Clare to the Straits and from Tawas areas to Kalkaska. It also serves all governmental employees in two of these counties, Roscommon and Oscoda (Mio). This includes teachers and college professors. It has 4,300 members and assets of near \$8,000,000.

NOTICE OF MORTGAGE SALE

Default having been made in the terms and conditions of a certain mortgage made by Ronald G. Gammon and Rita Gammon, his wife of 316 Fulton St., Grayling, Michigan 49738, Mortgages, to the Grayling State Bank, a Michigan Corporation of Grayling, Michigan 49738, Mortgagee dated September 2, 1977 and recorded in the office of the Register of Deeds for the County of Crawford and State of Michigan, on the 27th. day of September 1978, in Liber 172 of Crawford County Register on page 401, on which mortgage there is claims to be due, at the date of this action for principal and interest, the sum of Seven Thousand Seven Hundred Forty Nine and 76/100 (\$7,749.76.)

AND no suit or proceedings at law or in equity having been instituted to recover the debt secured by said mortgage or any part thereof, Now therefore, by virtue of the power of sale contained in said mortgage, and pursuant to the statute of the State of Michigan in such case made and provided, notice is hereby given that on the 24th. day of February, 1982 at 10:00 o'clock A.M. said mortgage will be foreclosed by sale at public auction, to the highest bidder, at the front door of the Crawford County Building, in the City of Grayling, Michigan (that being the building where the Circuit Court for the County of Crawford is held), of the premises described in said mortgage or so much thereof as may be necessary to pay the amount due, as aforesaid, on said mortgage, with the interest thereon at 9 1/2% per cent. per annum and all legal costs, charges and expenses, including the Attorney Fees allowed by law and also any sum or sums including real estate taxes which may be paid by the undersigned necessary to protect its interest in the premises.

Said premises are described as follows: State of Michigan, County of Crawford, in the Township of Grayling, to wit: The East one-half (E 1/2) of the South one-half (S 1/2) of Lot fifteen (15) of Block number four (4) of Martha M. Brink's First Addition to the Village (now City) of Grayling, according to the recorded plat thereof.

The redemption period shall be six months from the date of such sale.

Dated: December 7, 1981.

Mortgage Sale

Default having been made on the part of the mortgagors in the terms and conditions of a certain mortgage given by Gary L. Smith and Barbara J. Smith, husband and wife, to First Savings and Loan Association of Saginaw, Michigan, a Michigan corporation, bearing date the 26th day of September, 1977 as recorded September 28, 1977 in Liber 163, page 359 Crawford County Records.

Because of said default, said Association by virtue of the option given it in said mortgage, has heretofore, and does now, declare the entire principal sum secured to be paid by said mortgage to be due and payable, and there is now claimed to be due and unpaid thereon the aggregate sum of \$30,342.09 Dollars and, as of the date of the sale, the sum of not less than \$30,589.46 Dollars plus costs of the sale and authorized disbursements, and no suit or proceedings having been instituted at law to recover said sum, the debt remaining secured by said mortgage, or any part thereof.

Therefore, by virtue of the power of sale in said mortgage contained, which has become operative by reason of said default and the statutes in such case made and provided, notice is hereby given that said mortgage will be foreclosed and the premises described therein sold at public auction to the highest bidder, by the Sheriff of said County, on the 2nd day of February, 1982, at two o'clock in the afternoon, at the front door of the Courthouse in the City of Grayling and County of Crawford, Michigan; said Courthouse being the place of holding the Circuit Court for said County, which premises are situate and being in the Township of Grayling, County of Crawford, State of Michigan, and described as follows:

Lots 1 and 2, Block 2, Karen Woods Subdivision.

The period of redemption is six months.

The George W. Mason Chapter of Trout Unlimited would like to clarify its position with regard to the proposed "No Kill" fishing area on the South Branch of the AuSable River.

Our letter, addressed to the Fisheries Division of the Michigan Department of Natural Resources, made abundantly clear that our concern was caused by the precipitous decision to declare a section of a river with which we are all familiar, a "No Kill" area, without a deliberate, fact-finding scientific study as to the impact of such action on the health and perpetuity of the trout population in that

RSVP News

Sherry Haag - Director

In Michigan, RSVP in Grand Rapids is sponsored by the Voluntary Action Center.

Volunteers serve at the Public Schools, help with mailing for service organizations, work with the Red Cross, the cancer society, Michigan Veterans Facility day care centers and 22 other non-profit agencies and organizations.

Locally, we will be starting to make-up scrapbooks for the COOR Intermediate School. If you have old magazines or catalogs, we would be happy to take them off your hands.

We will also be needing volunteers to cut out pictures from the magazines to be used in the scrap books. If you would like to help with either of these projects, give the office a call at 348-4341 or 348-8322. We will pick-up or deliver magazines if you are unable to go out to get them.

We also need scraps of white string or cord, and 2 x 4 scraps of wood. These articles will be used in the Community Services Wooden Christmas toy project. This is a year round project, so if you need something to do after the holidays and like to work with wood give us a call.

I'd like to take this opportunity to thank all the volunteers who have sewn gowns, p.j.s, knitted mittens & hats, and made wooden toys. If it weren't for you, the job wouldn't have gotten finished.

Volunteers sewed over 200 gowns and p.j.s, knitted and crocheted over 150 hats & mittens, and made over 30 pull toys. (these were done in the last month)

A great big thank you from the Business & Professional Women's Club, Community Services, RSVP and all the families receiving the gifts.

If you would like more information about RSVP, call 348-8322 or 348-4341, or stop by the office at 308 Lawndale.

area. In our opinion, such a thorough, professional study is vitally needed, and would encompass a number of fishing seasons.

Our position was, and remains, not against "No Kill" regulations, per se. We are all well aware of the experiments and sometimes successful programs practised in other areas. If such a program on the South Branch were proven by test to be beneficial to the habitat, the health, and the reproductive ability of the fish, we would, of course, withdraw our objections.

We believe our agnostic position is well taken, and in conformity with Trout Unlimited's "North American Policy for Salmonid Use and Management," as revised August 1972. Under Paragraph "H" - Regulations - It is stated - "Restrictive measures should be based only on biological, social, and economic evidence" - and under "K" - Management - it mentions that the only stream type recommended for "No Kill" restrictions as needed to maintain quality, is on a Class "C" stream - "where Natural reproduction is inadequate".

The members of the Mason Chapter, for the most part, reside in this area. We do not believe the trout reproduction on the South Branch is inadequate. This position is also held by the Fisheries Division of the M.D.N.R.

The Fisheries Division advise they are well aware of special regulations in other states, including "No Kill" - and discuss the success, or lack of it, with the biologists of these states. In Pennsylvania, where there are numerous "No Kill" areas, the biologists caution this regulation is not a cure-all, and should be used cautiously, and on selected waters, usually accompanied by a supporting stocking program. In Wisconsin, a State biologist advises he does not consider that State's experiment with "No Kill" regulations a success.

Among other points, the Fisheries Division have these comments to make with regard to the subject proposal on the South Branch:

The rules applying to the Mainstream are good ones for that stream. The same regulations with possibly some modifications, would be preferable to "No Kill" regulations on the South Branch.

They do not believe the South Branch is comparable to the other streams, in other states, where "No Kill" has been tried.

Natural mortality must, on "No Kill" waters, increase to compensate for the reduction in mortality as a result of fishing. This is a definite factor to be considered before going to the "No Kill" rules.

The reduction in mortality could result in increased survival of young trout, to the extent a similar problem to that experienced on the mainstream under the 12" limit could occur. The trout would be in poorer condition and of smaller average size at a given age.

Any change in the regulations of the South Branch is a risky proposition, in view of the wonderful fish population and fishery it sustains.

We also find, in talking with biologists, and reading their reports, the unanimous opinion that the results of such a program cannot be evaluated until after many years of experience.

We have an excellent stream, with good fishing potential. Why tamper with it, when the results will not be known for years, and cannot be guaranteed?

With the support for our position listed above, and the references attached, all from qualified professionals in this field, and with the support of the T.U. National Policy, we ask that you reconsider the position of the Michigan Council with regard to this drastic change in the South Branch fishing regulations.

This may be the time to experiment with "No Kill" regulations, but we believe fervently that the South Branch of the AuSable River is NOT the stream.

Next Year Get 'Em All

Dave is such an avid bowler he spends New Year's eve at the alley. Jokingly he says "I've gotta practice because next year I'm gonna get 'em all."

Many of us look at next year with similar hopes. We want to excel. We want things to be perfect. We want our every effort crowned with success.

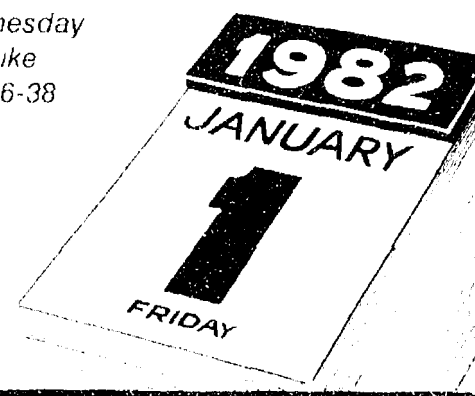

But Dave knows 1982 won't bring all strikes — and we know it will not fulfill all our superlative hopes.

The beginning of a new year is a time to evaluate our goals, measure them against what God expects of us, and seek His help in achieving right aims and purposes.

Before the New Year begins, and after it is underway, the church is where we all should be seeking what it takes to make 1982 a better year.

daylight hours on Saturday, January 9.

Company President, Vic Wertz originally proposed a fund-raising safari to Miller Brewing Company headquarters in Milwaukee, Wis. But when logistics became a problem, Cohoon suggested the Mt. Clemens to Mackinaw City event. "In all our company-sponsored charitable activities, we emphasize sportsmanship and family fun," Wertz, the former Detroit Tiger slugger, said.

Funds raised in this special Snowmobile Endurance Ride will be used in Michigan to provide year-round training and athletic competition in a variety of well-coached Olympic-type sports for mentally impaired individuals.

In addition to local athletic competition, Michigan's major events include the Summer Special Olympics at Central Michigan University, Mt. Pleasant, and the Winter games at Sugar Loaf Mountain Resort in Cedar.

Tax-deductible donations should be sent to Vic Wertz Distributing Special Olympics, P.O. Box 804, Mt. Clemens, Mich.

Wood Producers Association Formed

Michigan's modern day lumberjacks will be using some modern marketing methods to improve their timber industry and Northern Michigan economy.

With plans for new marketing channels, members of the Michigan Independent Wood Producers Association announced the formation of Great Lakes Wood Products, Inc.

Charles D. Hill, president of Hill Forest Products, Inc. of Barton City, will be the chairman of the board of Great Lakes Wood Products.

Explaining that most of the Northern Michigan timber industry is dependent upon only a few markets, Hill said new markets were available.

"Even in these depressed times the markets are there," Hill told reporters, "but until now we have not had the communicative link between those markets and our wood producers."

"The lumberjacks have created Great Lakes Wood Products, Inc. to be that formal communicative link," he added.

Babson's 1982 Forecast

economic activity during the first 1982 quarter, followed by a flat performance in the spring weeks. This scenario may not be impressive, but it is far less disheartening than the pessimistic predictions which have prevailed of late. Moreover, scattered signs of improvement should be emerging before long, though perhaps not in sufficient quantity and intensity to spell large-scale overall business gains. Around midyear, however, the economy should be moving ahead in concert, and we expect the final half of 1982 to feature distinct upside progress even though the summer weeks may be more robust than the fall season. By autumn new growth in demand for credit may begin to take hold. This should make for some braking influence, though not enough to prevent a definite business uptrend for the year's final two quarters.

MORE SOBER EXPECTATIONS

Early months of 1981 were filled with mounting anticipation that the new national leadership would revitalize the economy and restore some luster to America's role in international affairs. However, the actual scope and magnitude of the nation's problems have brought home to the public the fact that there are no easy solutions. Nevertheless, this does not mean that no progress will be made. As the initial public ebullience when the Reagan Administration took office was probably unduly optimistic, so also the current swing to disillusionment is undoubtedly excessive and somewhat myopic.

No doubt there will be more give and take between the White House and Congress in 1982. Out of this may come some combination of additional spending cuts, deferral and down-sizing of selected outlays, and the raising of fresh revenues. If our expectation that the bulk of the recession occurred in the fourth quarter of 1981 turns out to be true, estimates of federal budget deficits in this and succeeding fiscal years may prove to be unrealistically high. Also, in view of the steepness of the recession, we would not be surprised to see some of the critics of the tax cuts shift position again and press for the second phase of the tax reduction for individuals to be moved up from mid-1982 to some point earlier in the year.

HELP FROM ECONOMIC TAX RECOVERY ACT OF 1981

The recent damaging revelation by Budget Director David Stockman that he doubts the viability of the Administration's economic and fiscal proposals provided additional fuel for the arguments of opponents as the economy slid into recession. However, the potential benefits of the Economic Recovery Tax Act of 1981 have not been given adequate credit. When all of the provisions of the legislation are fully operative, these benefits should stimulate the economy. Later, their cumulative effect may have an even more positive influence. Taken individually, the tax benefits are far from large, but their collective impact on private capital formation - over a period of time - will be quite positive and widespread.

These incentives for individual savings will help replenish private capital reservoirs. The tax exemption on income from the dividend reinvestment plans of qualified utility companies and the broader concept of Individual Retirement Accounts (IRA) even though both these devices have annual limitations. Also, cash flow of corporations will be enhanced by the lower tax rates on profits and more liberal depreciation schedules for capital investments. The latter should spur the modernization of U.S. productive facilities, make us more cost-competitive in foreign markets without compromising quality.

GROSS NATIONAL PRODUCT

Despite the sharp slump in the fourth 1981 quarter, real gross national product (the aggregate value in 1972 dollars of goods and services produced) registered quarter-to-quarter changes averaging about 4% on a seasonally adjusted annual basis. This was due to the astounding 8.6% upsurge in the initial quarter. Although the range of quarterly changes in 1982 will not be as wide as in 1981, and the generally flat first half will not contribute much uplift to the economy to begin with, strength in the final two quarters can make for about a 2% average rate of advance in real GNP for the year.

INDUSTRIAL PRODUCTION

Monthly figures on the physical volume of industrial production early in 1982 are not likely to be impressive. The abrupt business slump has shaken confidence, and it will take some time for optimism to return. However, industrial output should trend upward in the spring and thereafter. With basic industries already so deeply depressed, further improvement in monetary conditions could revive the housing, auto, and consumer durables markets more rapidly than now seems possible. This would add to the strength that has been maintained in the fuel and energy-related fields. Military business should be a primary source of vitality too.

BUSINESS INVENTORIES

Heavy inventories of autos, trucks, and farm equipment are the primary trouble areas right now, with suppliers to these industries forced to curtail output because of soft demand. Elsewhere, however, there should be early need for inventory accumulation in anticipation of a quickening business tempo as 1982 progresses.

BUSINESS CAPITAL OUTLAYS

Although low rates of capacity utilization and listless business early in 1982 will tend to restrain capital equipment demand, purchases that were deferred in 1981 pending the more liberal depreciation rules of 1982 will have some bolstering effect. We confidently expect this important source of economic vitality to become more of a factor as the tempo of business picks up. Moreover, capital outlays will be an important component of the business uptrend going into 1983 as well.

INTEREST RATES - MONEY SUPPLIES

Short-term interest rates have retreated from their peak earlier in 1981. Softening business eased borrowings, causing interest rates to slide downward. Though the bulk of the downturn has already occurred, short-term interest rates could shade a little lower - to around 14% for the prime lending rate of major commercial banks - in the early part of 1982 before bottoming out. When the anticipated business upturn is well under way, however, interest rates will undoubtedly be marked up. But enhanced cash flow for businesses, as a result of lower corporate income taxes and accelerated depreciation allowances, should prevent a quick return to oppressively high rates. Hence, money and credit availability should be adequate for businesses and consumers in the year ahead, though far from abundant.

After backing down a little from peak levels, long-term interest rates firmed recently in reflection of heavy Treasury and corporate financings. Pent-up demand for long-term funds will not permit more than irregular downward shadings for a while, but easing of inflation is helping to keep long-term rates from rising.

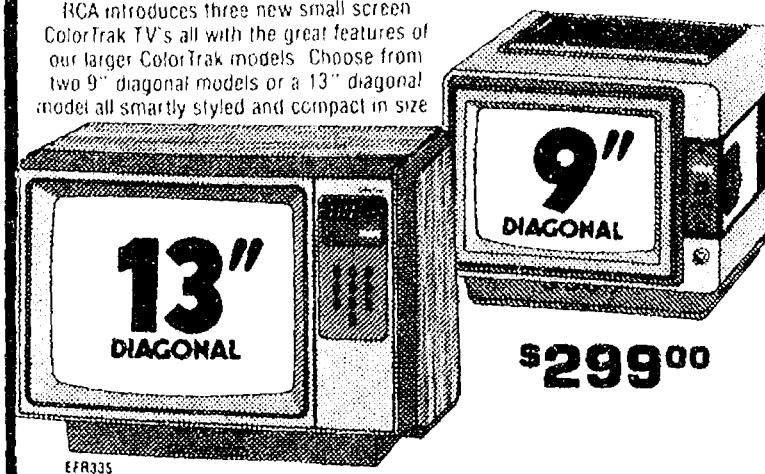

The average increase in the Consumer Price Index for full-year 1981 was probably a shade below 9% on an annual rate basis. We look for further easing in the inflation pace during much of the winter and spring of 1982 but firm-to-higher tendencies should rule thereafter. For the full year we expect an average increase of 8%.
